Our specially formulated body paint is non-toxic, durable, and yet easily removable. The body paints are waterproof and long lasting. The tattoos are safe and **colorful!** Black light and glow in the dark paints are available. Each customer selects the tattoo they want from full-color displays. The colors of the tattoo are their choice too! Our artists simply apply the pattern on the person and spray away. In just moments, a new level of excitement overwhelms them as they begin showing off *their new tattoo!*

The Airbrush Temporary Tattoos are designed for use at all affairs. The indoor parlor fits in limited space and operates on a single 110VAC 15Amp wall outlet.
